

Electric MULTI CONTACT GRILLS LARGE

« Heating Element Pack » technology for perfect heat distribution.

Heat insulation of the element for a consistent distribution of heat.

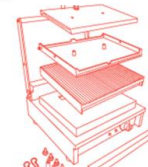

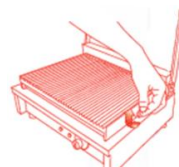

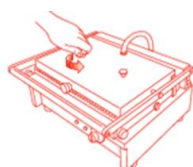

Thermostatic control from 50°C to 300°C for precision cooking.

Characteristics :

- Stainless steel frame
- Cooking plates made from very hard wearing enamelled cast steel and certified for contact with food
- Self-balancing top plate which adapts to food of different thickness
- Adjustable plate pressure
- Protected controls
- Removable tray for waste recovery
- On/off switch built into the control button
- Power light
- Thermostatic control from 50°C to 300°C
- Heating indicator
- CE power cable for 230 V ~ 16A

A new range featuring a double innovation based on the EASY CLEAN System :

- Easy changing of cooking plates for grill or snack functions
- Hotplates dismantle in seconds for easy cleaning in the dishwasher.
